

# THE POOLE PARK HERITAGE PROJECT

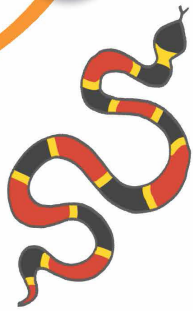

## Name the Temple!

Scramble through the Jungle, and discover the ruins of the ancient temple. Untouched for centuries, hidden in the heart of the Jungle, you may still find the long lost treasure!

## Design the Balancing Snake

A dangerous snake has entered the Jungle Base Camp! We would like you to choose which snake is slithering around the Jungle Base Camp. Pick from the designs below!

**01 Coral Snake**

Coral snakes are small, vibrantly colored, highly venomous snakes. They have the second strongest venom of any snake.

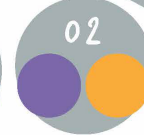

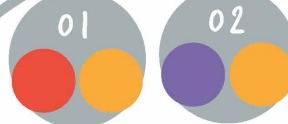

**03 Golden Lancehead**

This is a highly venomous pit viper species native to a small area in South America.

**02 Emerald Tree Boa**

As their name suggests, as a tree dwelling species, spending most of their time high up in the foliage.

## Repaint the train!

We will be keeping the wooden train and propose to repaint it. Choose the colour palette (left) that you would like the train to be painted - put the number in the circle below.

## The endangered species sculpture trail

The endangered species sculpture trail will run through the heart of the play space. A local artist has been commissioned to carve 7 sculptures and we would like you to choose which animals are included. Tick 7 of below!

Rainforest Jaguar

Giant otter

Hyacinth Macaw

Golden Lion Tamarin

Aye Aye

Spider Monkey

Mountain Gorilla

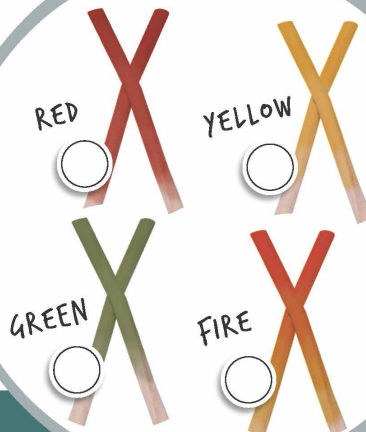

orangutan

Tree Toed Sloth

Tea Kangaroo

## Colour the posts!

On the perilous journey to the ancient temple the scramble route will be crossed by three sets of posts forming an arch. We plan to paint the tops with a striking pop of colour, which do you think would look the best?

### Send your responses:

1. take a photo of your completed sheet and email it with your comments on the playground designs to Toni Powell - [toni.powell@bcpcouncil.gov.uk](mailto:toni.powell@bcpcouncil.gov.uk)
- or 2. complete our online questionnaire at [www.shorturl.at/uGKV5](http://www.shorturl.at/uGKV5) which includes space for both

Thank you
